### **Welcome to St Clement's School**

St Clement's School is a States of Jersey Primary School established in 1902. It is the Parish School catering for approximately 210 pupils between three and eleven years. The school is single form entry – there is one class in each year group.

Our current building was opened in September 2007 by HRH Princess Anne. It features attractive classrooms, a well-resourced nursery, music room, a fantastic library, an ICT suite and a Multi-Purpose room. A specialist provision for deaf children is also accommodated in the school and all children have the opportunity to learn British Sign Language.

We are continually developing our outdoor area. We currently have a nature garden and growing area; a variety of play equipment; play apparatus; shaded seating area; playground area; sports field and St Clement's Cabin which can be used as an outdoor classroom. We feel very lucky to have such large outdoor areas at our school.

At St Clement's we value the vital role that parents play in their child's education and encourage parents to be involved in all aspects of school life. All parents are members of our Parent Teacher Association and we very much hope that new parents will support and participate in the many enjoyable events which are organised for the benefit of the children throughout each academic year.

Parents are able to receive newsletters and information regarding school and class events on ParentMail.

We want our children and their families to have a very positive experience during their time at St Clement's. I am always available before school each morning to speak to parents and look forward to the beginning of a positive and productive relationship with you and your child.

Richard Heaven  
Headteacher

## **ST CLEMENT'S SCHOOL**

### **MISSION STATEMENT / SCHOOL PRINCIPLES / CORE VALUES**

At St Clement's School the whole community was involved in producing our mission statement and principles.

#### **Our Mission Statement is:**

**Aim high to achieve  
Together we succeed**

#### **Our School Principles are as follows:**

1. We believe in valuing and respecting one another, resources, property and the environment.
2. We believe in a high quality, stimulating and safe learning environment.
3. We believe that we learn best when given supported, challenging opportunities
4. We believe in taking responsibility for our own learning.
5. We believe that if something works we'll do more of it and if it doesn't work we should do something different.
6. We believe in clear and open communication.
7. We believe in a caring, supportive community that includes every individual equally.
8. We believe that all members of the school community have a contribution to make (children, staff, parents and others).

#### **Our Core Values:**

- Collaboration
- Perseverance
- Empathy
- Learning from Mistakes

**STAFF LIST – SEPTEMBER 2017**

Headteacher – Mr Richard Heaven

Deputy Headteacher – Mrs Marianne Hickling

Teachers

Year 6	Miss Caroline Hateley
Year 5	Miss Paris Pretty
Year 4	Mrs Pippa White
Year 3	Mrs Sarah Lumsden
Year 2	Mrs Claire Griffiths/Mrs Marianne Hickling
Year 1	Mrs Amber Cook
Year R	Mrs Kirsty Walker
Nursery	Miss Lucy Hillsden
Teacher of the Deaf	Mrs Esther Tremeer
Special Educational Needs Manager of the ARC Provision	Mrs Marianne Hickling
Music Teacher (part-time)	Mrs Sara Dodds

Support Staff

School Administrator	Mrs Christiane Dixon
Caretaker	To be confirmed
Nursery Officer	Mrs Natalie Pretty
Nursery Officer	Miss Shelley Jehan
Parent Engagement Worker	Miss Sarah Andrews
Teaching Assistant & L/Time Assistant	Mrs Andrée Blease
Teaching Assistant & L/Time Assistant	Mrs Julie Raikes
Teaching Assistant & L/Time Assistant	Mrs Teresa Hayes
Keyworker / Lunchtime Assistant / IT Technician	Ms Diane Blandin
Teaching Assistant	Miss Emma Hammill
Teaching Assistant & Lunchtime Assistant	Mrs Lou Jouanne
Nursery Lunchtime Assistant	Mrs Sharon Lodwidge
TCC Team Leader	Miss Sue Le Monnier
Key Worker	Mrs Tracey Betambo
Key Worker	Mrs Maureen Bray
Key Worker	Mrs Amanda Carney
Lunchtime Assistant	Miss Lara Roche / Mrs Maria Smith

## STARTING SCHOOL

Parents are offered the same starting date for all children born within the academic year. This means that some children will be just four years old whilst others may be already five. All staff are trained to provide a suitable environment and curriculum for this wide age range.

There are seven year groups in primary schools.  
At St. Clement's School we have one class for each year group.

Age group	Year
Foundation Stage 3-4	Nur (Nursery)
Foundation Stage 4-5	R ( Reception )
Key Stage 1 5-6	1
Key Stage 1 6-7	2
Key Stage 2 7-8	3
Key Stage 2 8-9	4
Key Stage 2 9-10	5
Key Stage 2 10-11	6

All parents and children are encouraged to meet the Headteacher and look around the school well before the admission date.

In June, parents whose children will be starting school during the next school year will be invited to an introductory meeting.

The Headteacher and members of staff will talk about the general organisation of the school. They will also describe what activities the children will be involved in during the day, how best to prepare children for starting school and how parents can support learning at home.

Your child will find that the Nursery and Reception Classes will provide an enjoyable and stimulating introduction to school life. The learning experiences are practical and matched to the child's stage of development.

Children are not all at the same stage on entering school. Activities are planned to cover this range and you will be invited to discuss your child's progress shortly after their admission and again in the Spring Term.

## RECEPTION CLASS 2017/2018

### **Helping your child get ready for school:**

- ◆ Encourage your child to become independent e.g. ensure that he/she can dress and undress and be able to cope with buttons, Wellington boots and shoe laces, if necessary. Make sure that your child can use the toilet properly and is in the habit of flushing it. Also please make sure they are used to eating their lunch at a table without assistance.
- ◆ Talk to your child as much as possible, encourage his/her language to develop, as language is the tool for logical thought and is the basis of all learning. Let your child have as many experiences as you can, encouraging him/her to talk about them by “leading him/her on” in conversation and listening to his/her opinions.
- ◆ Read to him/her as much as possible, choosing books with an interesting story and extending vocabulary.
- ◆ Ensure that your child listens as well as talks, as listening to stories helps to develop language skills.
- ◆ Give your child as much experience as you can with paint, crayons, water, sand, construction toys, jigsaw and games, picture lotto, colour dominoes etc. avoiding letting him/her become discouraged by tasks or toys which are too difficult for him/her to handle at this stage.
- ◆ Teach him/her to recognise his/her own name, written in lower case letters, not capitals, apart from the initial letter. E.g: Richard
- ◆ Practise counting forwards and backwards.
- ◆ Encourage your child to find and recognise numbers, letters and common words in the environment e.g: STOP signs or Level 5 in the car park.
- ◆ Practise eating a packed lunch at home in preparation for school.
- ◆ Ensure that your child has a regular bedtime as tired children find it difficult to focus on learning.

**We know from research into children’s learning that what they learn at home is very important. The most successful pupils are those whose parents work together with school to support their learning.**

## UNIFORM LIST - SEPTEMBER 2017

Children are encouraged to wear the following school uniform;

### BOYS

#### WINTER

- ◆ Navy trousers
- ◆ Navy V neck cotton sweatshirt with school logo
- ◆ Gold polo shirt with school logo
- ◆ Dark socks & black shoes.  
***No trainers please.***

#### SUMMER

As winter

- ◆ Navy school shorts – optional

### GIRLS

#### WINTER

- ◆ Navy skirt, pinafore dress or navy school trousers
- ◆ Navy V neck sweatshirt or cardigan with school logo
- ◆ Gold polo shirt with school logo
- ◆ Navy tights or white socks & black shoes.  
Shoes with high heels are not suitable for use in school.  
***No trainers please.***

#### SUMMER

- ◆ Navy skirt, pinafore dress or navy school trousers. They may also wear A pale blue and white summer check dress.
- ◆ Navy V neck sweatshirt or cardigan with school logo
- ◆ Gold polo shirt with school logo (if not wearing summer dress)
- ◆ Navy tights or white socks & black shoes.

### P.E. Kit

On P.E days your child will come to school in their St Clement's tracksuit with their P.E top and white shorts underneath.

Barefoot is essential for gymnastics and dance.

Trainers are used for both indoor and outdoor games sessions. Under no circumstances should school shoes be worn during P.E sessions.

T-shirts – blue with St. Clement school logo

Shorts – white

Children must not wear cycle shorts, football strip, beach shorts etc.

Leotards are not allowed for P.E. lessons.

Tights/socks: Children are not allowed to wear tights for P.E. – socks are permitted if they are short white socks.

All shoes should be suitable for school wear. Fashion shoes with heels, 'flip flop' style sandals and ankle height boots, are not considered suitable footwear for school use.

Jewellery should not be worn. Earrings are not encouraged. Stud earrings only are allowed and must be removed for physical education lessons to comply with health and safety advice. Hair bands should be plain and in school colours and children with long hair should wear it tied back at school. Nail varnish is not allowed for hygiene reasons as the children are often involved in cooking.

All school uniform and P.E. kits can be purchased from JSSK . Initially you may wish to visit the shop in order to try the different sizes that are available. However you may also order on line and have the option to have the items delivered to the school free of charge. The shop is located at 3 Les Quennevais Parade. Their details are as follows: [www.jssk.co.uk](http://www.jssk.co.uk) email [enquiries@jssk.co.uk](mailto:enquiries@jssk.co.uk) and their telephone number is 742649.

**PLEASE NAME ALL ARTICLES OF CLOTHING  
OTHERWISE WE CANNOT ACCEPT RESPONSIBILITY FOR LOSS.**

### **LOST PROPERTY**

Articles that are named will be returned to their owner. Those without a name are kept in the office for a short time and then disposed of. Watches etc. that are found are kept in the office. Children are discouraged from bringing valuable possessions to school, including phones, as we cannot take responsibility for the safety of such items. If for any reason your child needs to bring a phone to school it must be left in the office throughout the school day.

### **SCHOOL TIMES**

Morning 8.50 a.m. – 12.00 p.m.  
Afternoon 1.00 p.m. – 3.00 p.m.

Parents **are not** allowed to bring their children into school building before 8.40am as teachers are preparing the classroom or may be attending meetings.

All children except Reception should go straight to the playground if they arrive before 8.40a.m. As the children arrive they enter the playground through the gate at the bottom of the field. Supervision in the playground begins at 8.25am. Children should not arrive before this time. The first bell is rung at 8.40 am when children enter school, hang their coats up and get organised for their lessons. The second bell at 8.50am signals the start of the first lesson. **This is the time the children are expected to be in the classroom ready for registration and ready to learn.**

Anybody arriving after 8.50am is required to access the school through the main entrance, via the school office, where the pupil will be recorded as late.

### **LUNCHTIMES**

In order to accommodate children adequately, all children will eat in their classrooms. KS1 will eat at 12.00p.m. and KS2 at 12.30p.m. There will be an adult in each room when the children are eating.

For everyone's comfort and wellbeing, we ask children to behave sensibly and safely in the play areas. Should any child continually misbehave or disregard the lunchtime 'rules', permission to stay will be withdrawn by the Headteacher.

## **THE CURRICULUM**

Jersey Primary Schools implemented the National Curriculum in stages from 1990. From September 2015 Jersey implemented the New Primary Curriculum in its entirety. An online guide to the curriculum can be viewed at the following link: [www.gov.je/Education](http://www.gov.je/Education). In most cases, the subject areas covered are identical to that studied in England.

### **ENGLISH**

The English curriculum is divided into four areas:

- Spoken Language
- Reading
- Writing
- Spelling, vocabulary, grammar, punctuation

### **SPEAKING and LISTENING**

We aim to teach children to communicate effectively. Spoken language underpins the development of both reading and writing. Children need to be able to speak confidently if they are to be successful learners. An important way in which we learn is by listening to absorb new ideas, and by talking about new experiences and situations. Opportunities are given for all children to join in discussions and to share their opinions and experiences with each other and with their teachers. Activities such as 'circle time' give ideal opportunities to develop these skills.

### **READING**

A very high priority is given in school to the learning and development of reading skills. Reading is much more than simply decoding words. A wide range of comprehension skills are taught. Pupils are taught in a way that encourages enthusiastic and independent readers.

In Reception and Key Stage 1 children have:

- daily reading lessons
- whole class, ability group and individual teaching groups reading independently on a variety of reading activities
- high quality enlarged print books and poems
- carefully graded reading texts
- a print enriched environment
- on-going assessment

The school follows the JEL scheme (Jersey Enjoys Literacy) as well as many of the aspects of the UK document 'Letters and Sounds'. This is a programme to teach important skills required to read successfully e.g. phonic and synthesis skills. Parents are invited to observe one of these lessons in the Autumn Term.

Key Stage 2 have similar English lessons with an increasing emphasis on developing comprehension skills and exposure to a wide range of written genres. In Year 5 and 6 reading activities are based more on the children's written response to the text.

All children will regularly bring books home, which we hope you will share with them. Parents are invited to discussions about how we teach reading and how they can help. Children are far more likely to succeed with encouragement and help from home.

## **WRITING**

Children are taught to understand the value of writing as a way of remembering, communicating and of course as enjoyment! Writing is divided into Transcription [spelling and handwriting] and Composition [articulating ideas and structuring them in speech and writing].

Both key stages spend more than an hour each day learning the many different aspects of the English Curriculum.

## **DRAMA**

This plays an important part in the creative and personal development of a child and may be taught in its own right or in connection with other areas of the curriculum.

## **MATHEMATICS**

We aim to ensure that all pupils become fluent in the fundamentals of Mathematics through frequent practice with increasingly complex problems. The curriculum develops the children's ability to reason mathematically and to solve problems by applying their knowledge. Our aim is to develop the child's skills of numeracy, measurement and simple statistics – skills that are necessary in everyday life. We also encourage development in the use of logic and reasoning. Practical experience is involved at all levels and the application of mathematics to relevant daily events and experiences is extremely important.

## **SCIENCE**

The ability to communicate, explore and relate science to everyday life is an essential element of a developing experience of science. It is taught throughout the school with topics which will give the children an appreciation of, and knowledge about, both natural and manmade phenomena. Health education is included in this area of the curriculum.

## **COMPUTING**

The school encourages the use of computing skills to support all areas of the curriculum. Children use PCs and I Pads in many creative ways. They are also taught a specific Computing Curriculum which focuses on Computer Science, Digital Literacy and Information technology skills.

This subject has become increasingly important as the use of computers in many areas of life has developed. Computers are networked, using a variety of programs. Each child from Y2 to Y6 has their own e-mail account with access to the Education Department Intranet and filtered access to the World Wide Web. Each classroom has an interactive white board or interactive television to deliver the curriculum in a variety of stimulating ways.

## **CROSS CURRICULAR WORK AND THE CREATIVE CURRICULUM**

Each class is likely to study three to six topics in one year, depending on their age. These topics may be taught using a cross-curricular approach, but will always have a specific subject bias such as Science, History, Geography, Art or R.E. Children form a view of the world in the light of their own experiences, therefore much use is made of the school, its grounds and its close environment, gradually extending to include the Island of Jersey and further afield. Teachers plan learning in a creative way and parents are encouraged to become involved in 'take-home' tasks to support their child's learning.

## **MUSIC**

All children are encouraged to participate in singing and in playing untuned and tuned percussion instruments. They may also participate in a variety of musical performances throughout the school. KS2 children learn to play the recorder. We are fortunate to have a music teacher who teaches class lessons and runs a recorder club and a choir. She successfully encourages a love of music and all children enjoy lively and often humorous performances. Those who show a suitable aptitude for music may apply to play an orchestral instrument.

## **ART, CRAFT AND TECHNOLOGY**

A variety of media is used and work may often be related to another part of the curriculum. These areas are a valuable aspect of a child's education, developing skills and techniques and allowing children to solve problems and to express themselves in a creative way.

## **RELIGIOUS EDUCATION**

The children are given an awareness of their Christian heritage through Bible stories, church festivals and various themes taught during lessons and school assemblies. They are also introduced to the other principal religions.

## **PHYSICAL EDUCATION**

The four main areas covered are: -

- Games
- Athletics
- Outdoor Education
- Gymnastics and Dance

Each class has at least two PE sessions per week. Whenever possible the school involves Sports Development Officers in the teaching of P.E. This enables the children to have access to a wide range of activities ranging from squash, golf, rugby, table tennis and football.

The school is represented in the Football and Netball Primary School Leagues. Matches take place after school and on Saturday mornings. Year 6 and Year 5 have a comprehensive outdoor education programme that develops team building skills, perseverance and problem solving. This includes two residential trips, the first to the Scout Hut in Year 4 and the second to an activity centre in France in year 5.

### **FRENCH**

French is introduced in KS2, in Year 3. A variety of programmes and materials are used to stimulate the children's interest and progress in learning a new language. The main course used by most Island Schools is Salut Jersey, which has been devised by local teachers under guidance of advisers from East Sussex. Other materials and locally produced resources are used to supplement this.

### **PERSONAL AND SOCIAL EDUCATION**

These lessons provide opportunities to promote the social, moral, cultural, spiritual and physical development of pupils.

### **EDUCATION OUTSIDE SCHOOL**

Teachers regularly organise visits for children in all age groups to extend their learning. These visits include:

- St. Clement's Church
- Mont Orgueil as part of the History Curriculum
- Jersey War Tunnels
- La Hougue Bie and Mont Ubé Dolmen
- Y5 and Y6 have several days of special outdoor activities e.g. kayaking, surfing, sailing e.t.c.

### **HOUSE SYSTEM**

We believe in making the children feel part of the school community by allocating each child a house group. The four houses are Falcons, Harriers, Kestrels and Owls. If the children have an older sibling they will automatically join them in the same house. The children work hard to collect stickers and house pebbles by following the Golden Rules. These school rules are:

- Be honest and truthful
- Work hard
- Be gentle, kind and helpful
- Listen to people, you will have your turn
- Look after property

By following the Golden Rules the children can gain points for their house team and work through their own bronze, silver, gold and platinum levels.

Throughout the year the houses organise and run different events such as talent shows, cake sales, sporting activities and much more! Good behaviour is rewarded by Golden Time and we welcome volunteer parents to assist in Golden Time Activities in Key Stage Two.

### **SCHOOL CLUBS**

Numerous clubs and activities are run by the staff and parents for the children. These take part at lunchtimes and after school. Clubs vary from year to year and have included games, athletics, cross-country running, First Aid, recorders, choir, orchestra, chess, computing club and drama.

### **SCHOOL COUNCIL**

St Clement's listens to the views of our pupils and this has had a number of benefits for both adults and children in our community.

Our School Council is an elected body of pupils (two from each class) whose purpose is to represent their class and to be a forum for active and constructive pupil input into the daily life of the school community.

Elections for representatives take place once a year and follow electoral procedures e.g: nominations, ballot forms and a ballot box.

### **ECO-ACTIVE COUNCIL**

Each class elects 2 children to the council who hold meetings and suggests ways to improve the school environment in an eco- friendly manner.

### **BOOK CLUB**

The school is a member of the Scholastic Book Club which is organised by a parent. Leaflets of books for sale are available to the children, usually once a term.

There are some fantastic offers available within the catalogues for the children. The school is also given 10% discount which is used for buying books for the school library.

### **CHARITIES**

The school supports several charities. Recently we have raised money for BBC Children In Need, our own PTA, Jersey Christmas Appeal, and St Clement's School in Kenya with whom we have developed close links.

### **PARENTAL INVOLVEMENT**

Collaboration and co-operation between parents and school help to create a better understanding of the kind of education that we are providing for your children.

We are very pleased with the level of support given by parents to the school and pupils of St. Clement's and work hard to maintain this valuable relationship. Parents are surveyed regularly about different aspects of school life.

## **ADDITIONAL ADULT HELP IN SCHOOL**

We are fortunate to be able to fund a number of teaching assistants whose valuable work is much appreciated. One assistant supports the Reception class, and the others assist in classes throughout the school.

Besides the usual fund raising events, parents, grandparents and friends are invited to help with class visits and outside concerts, transport for various activities, craft, cookery, sewing and any other expertise they can offer. This kind of help, plus the support given on Open Day, Parents' Evenings and School Concerts etc. are of great benefit to the children and are highly valued by the teachers. We are also happy to offer places to students e.g. Project Trident, as their visits benefit the individual and the school.

Parental support is also welcomed during lessons. If you can make a regular commitment or alternatively an occasional visit, please let a member of staff know. Volunteers will have to complete a Disclosure Barring Service(DBS) form in order to be able to assist in school.

## **PARENT TEACHER ASSOCIATION**

All parents automatically become members of the Parent Teacher Association. Various activities are organised throughout the year to raise funds for the benefit of all children. Parents are encouraged to become involved in these events. The proceeds are spent on a variety of resources, which will benefit all children. The PTA AGM takes place in the Autumn Term when parents are asked to volunteer to stand on the Committee. You will regularly receive news about the PTA activities via Parentmail. Please support this organisation as they work very hard to benefit all children at St. Clement's School.

## **PARENT ENGAGEMENT WORKER**

Miss Sarah Andrews is our school Parent Engagement Worker.

She is available to meet with parents and provide a link between home and school. She also has a good knowledge of the agencies that are available to support parents. Parents can make an appointment to meet with Miss Andrews by telephoning the School Secretary.

## **PARENT'S MEETINGS AND REPORTS**

Early in the year, information will be given to you about the curriculum and procedures for each year group. Parent/teacher meetings are held for a detailed discussion about progress in the Autumn and Spring Terms. In the Summer Term, written reports are sent to parents, with opportunities for parents and pupils to contribute.

Children are assessed continually, but more formal assessments also take place, throughout the year. Children are encouraged to be involved in setting their own targets for improvement. The school aims to keep parents fully informed about their child's progress and achievement. Parents with children in Reception are invited to observe the teaching of reading. This takes place in the Autumn Term.

## **SPECIAL EDUCATION NEEDS**

Many children experience difficulties at some time in their education. These are often temporary and are dealt with by school. A very small number of children (about 2% nationally) have significant and long-term needs. These children require

multi-disciplinary assessment, involving an educational psychologist, the school, parents and other agencies. We aim to keep parents informed of any concerns that we may have.

Please do not hesitate to contact school if you are worried or wish to know more about your child's progress. We aim to provide information to help parents to become involved in their child's learning.

### **MEDICAL NEEDS**

Please let us know if your child has a specific medical problem, which may affect their life in school. We also need to be aware of any allergies or regular medication that your child has to take. Please do not send your child to school with any medication without previously discussing this with either the Headteacher or the class teacher.

### **HYGIENE INSPECTION**

The school nurse no longer does regular hygiene visits, so it is in everyone's interest that parents should check their own child's hair on a regular basis for any evidence of head lice by using a fine tooth 'nit comb'. Children with live lice must not attend school until they have been treated with the lotion recommended by Public Health. This is available from the chemist or obtainable on prescription from GP's. **The lotion should only be used on the family member who has live lice in their hair.**

### **MEDICAL EXAMINATIONS**

All children have a medical examination in their first school year. This includes height and weight measurements as well as eye checks. Full notification is given to parents in advance and your attendance is necessary before any injection or immunisation can be given. Year 6 children have their height and weight measured again before they leave to go to secondary school.

### **SCHOOL DENTIST**

The school dental service has undergone a review in recent years. Currently an annual dental inspection takes place. Parents are always free to seek dental treatment for their children at the Dental Clinic at the General Hospital. Treatment is free of charge.

### **HEARING TESTS**

These are organised when a child is considered to be at risk.

If you are anxious about any aspect of your child's physical development, you can make an appointment through the Health Centre at Le Bas Centre to see the appropriate service.

### **FIRST AID**

Several staff are currently qualified First Aiders. If your child has an accident at school or appears unwell, these staff will check their condition. If we feel concerned in any way you will be notified and possibly asked to collect the child from school.

If your child bangs his head at school, parents will always be contacted so that the child can be monitored after school. Any other minor first aid injuries dealt with at school will result in a first aid slip being sent home to inform parents of what happened and the treatment/ support given.

## **SECURITY**

The school has a Health and Safety Committee to ensure that policies and risk assessments are reviewed and updated. Fire drills are held every term so that children are familiar with the nearest exit in order to be able to evacuate the building quickly.

***For everyone's safety we ask all visitors, including parents, to check in at the main office, entering through the front door only. Please do not go directly to a classroom. Only nursery children and parents are allowed to enter through the nursery door. If the door has been locked by a member of the nursery staff, please exit through the main school entrance***

## **ABSENCE FROM SCHOOL**

If your child is absent from school, you must phone as soon as possible to let us know. School will contact home if your child is absent without notification. Please inform Mrs Dixon of the reason for your child's absence as this is recorded in the Education Department database.

If a child has a dental or medical appointment we would like to be informed the day before the appointment where possible.

## **ATTENDANCE AND PUNCTUALITY**

### **Leave during Term Time**

The Education Department does not, at any time, support leave during term time. However, in exceptional circumstances, Headteachers are able to authorise leave in accordance with the Education Department's policy. A form to apply for your child's leave of absence is available from the school office.

At St Clement's School we believe that punctuality is important. If a child is late they may miss the introduction to new work, arrive after notices are given out and they, in turn, interrupt lessons. For this reason please ensure that your child arrives at school between 8.30 and 8.40am.

## **BEHAVIOUR EXPECTATIONS**

Children are, at all times, encouraged to show consideration and courtesy to everyone they work and play with.

We therefore have certain expectations:

- Children are expected to show respect towards each other and towards their teachers and other helpers.
- During lessons, we expect pupils to be attentive. Children have a right to learn and their teachers a right to teach.
- In the interests of safety and of creating a pleasant environment, we expect children to move about the building quietly and in an orderly manner.
- Everyone is expected to show respect for equipment and property, both personal and communal.

We encourage good behaviour by giving praise and rewards in the same way that we encourage academic work. This approach to discipline by 'positive reinforcement' – i.e. by rewarding good behaviour, 'catching children being good' has been shown to be more successful than concentrating on poor behaviour. Children need to be happy in school and know that they can make mistakes as part of their learning.

We help them develop self-esteem and self-discipline in order to benefit fully from their years in school. There are many rewards for good behaviour such as house points, Golden Time, the head teacher's tea party.

When children persistently behave in a manner that causes disruption or particular concern, either the Head or class teacher will contact the parents to discuss the matter. *We firmly believe that problems are most successfully overcome when home and school work closely together.*

When sanctions for poor behaviour have to be applied, children may be asked to repeat work that is of poor quality, do extra work, and be given a fixed period of 'time-out', forfeit free time or lose other privileges. Parents are encouraged to support their children in following our Golden Rules which are displayed throughout the school.

### **SCHOOL CLOSURE DUE TO WEATHER CONDITIONS**

On the extremely rare occasions when road conditions are affected by snow or ice, the decision to close school will be broadcast on Radio Jersey between 7.00 a.m. and 8.00 a.m. Channel Television will also carry news flashes or you may telephone 1886.

In the event of a closure within the school day, please come to collect the children at the earliest opportunity.

### **CHANGE OF ADDRESS**

Please ensure that the school is notified of any change of home address or contact telephone numbers.

We hope this information has been useful and welcome you and your family to the St Clement's School Community. Please let the school know if you think of any information that is missing from this handbook.

Headteacher – Richard Heaven  
June 2017
