

Dear Parents,

I hope that you are doing well and are probably very busy...and a bit stressed trying to balance everything! I have pulled together some more resources for the children to access however this is not to pressure you into feeling that the previous pack should be complete! The last thing I want to do is to add to any pressure you may already be feeling.

I will email a list of activities, links and resources for English and then spend time focussing on other individual subjects. There are so many little regular things the children can be doing independently which will really help to keep up the basics and keep them busy – and hopefully enjoy some of it!

During these difficult times, many online sites and apps are becoming readily available to support parents and children. Below are some, which I think will be beneficial.

If there is anything I can help with please don't hesitate to get in touch. I'll try and ring everyone this week to say a quick hello and check in.

As a reminder, my email address is c.griffiths@stclement.sch.je

Stay safe, stay positive and stay well

Mrs Claire Griffiths

## Home Learning Resources

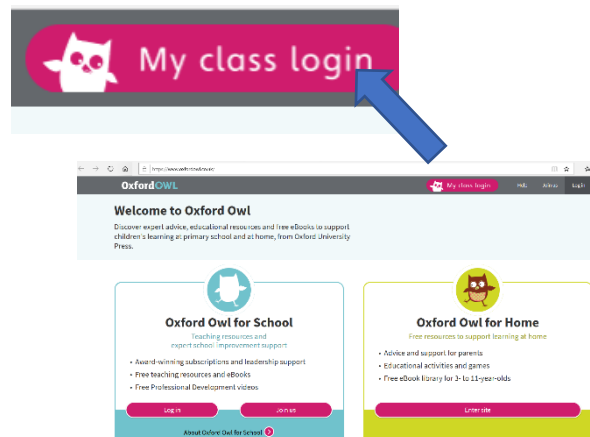

### Recommendations for Online English Resources

A great resource that we use at school and that you currently have free access to. Strongly recommend!

<https://www.oxfordowl.co.uk>

Username: - Jersey

Password: - Clement

There are so many books to read. Keep up the great work you have been doing, don't let your reading slip, read daily! Keep up those 'Reading Miles'. The data in this table is staggering and stresses the importance of reading and how, just 20 minutes a day will benefit your child.

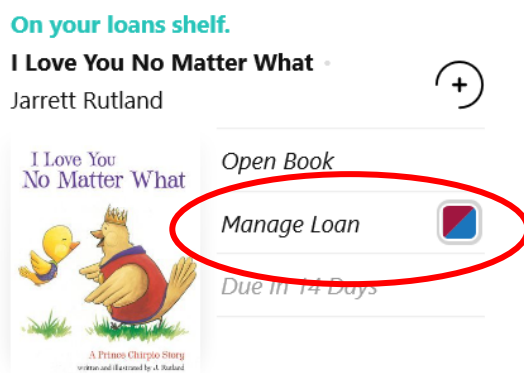

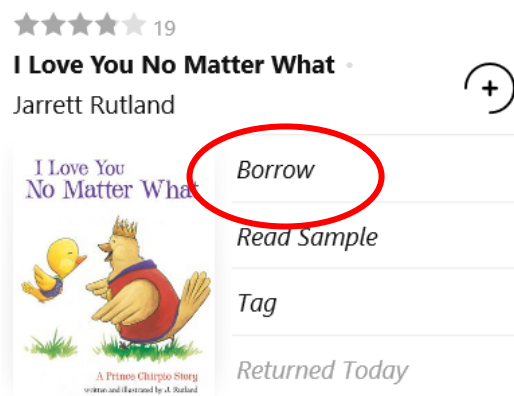

6<sup>th</sup> grade (US) is Year 7 (UK)

Jersey library have lots of eBooks for you to access too. Download the 'Libby' app or use this link below.

<https://libbyapp.com/>

Follow the instructions and have your library card handy as you will need the number.

There are lots of 'Picture Book Fiction', 'Juvenile Fiction' and 'Non-Fiction' titles to choose from. Once you have found what you want select 'Borrow', you will then be able to access and it is put on your 'Shelf'. Once read please 'Return' so that others can access! You can do this through 'Manage Loan' and click 'Return Early'.

Another lovely resource is a daily free audio story by David Walliams from his book, *The World's Worst Children 3!* Each one is released at 11 hence 'Elevenes' link. Enjoy!

<https://www.worldofdavidwalliams.com/elevenses/>

To watch some famous people reading their favourite stories try...

<https://www.worldbookday.com/>

<https://www.storylineonline.net/>

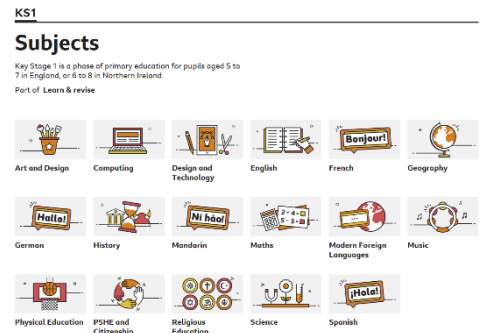

Pobble 365 provides a photo a day. There is a story starter, sentences to change and also questions to make you think. What could you write – use your imagination! This is a great resource and I would encourage you to do this as a short writing task each day.

<http://www.pobble365.com>

BBC Bitesize this is a brilliant website and I would highly recommend it. It gives you access to learning through short video clips which is often followed (when you scroll down) with a game to check the children's understanding. Check out 'English' and 'Homophones' to get started. So many things to learn and find out about in all subjects.

<https://www.bbc.co.uk/bitesize/primary>

Select 'England - Key Stage 1'

Another site that links to numerous games and activities is Topmarks .

<https://www.topmarks.co.uk>

I would recommend the following English games: -

- Alphablocks
- Teach your monster to read
- Look, Cover, Write, Check
- Spooky Spellings
- Forest Phonics

And finally...

The 'Letters and Sounds' resources that we use at school 'Phonics Play' is also giving parents free access at the moment.

<https://www.phonicsplay.co.uk>

Username: **march20** Password: **home**

The children are very familiar with the games and activities on this site and will be able to show you what they play and do in class. We are currently working on 'Phase 5' but it is always good to keep re-visiting Phases 2, 3 and 4 too.

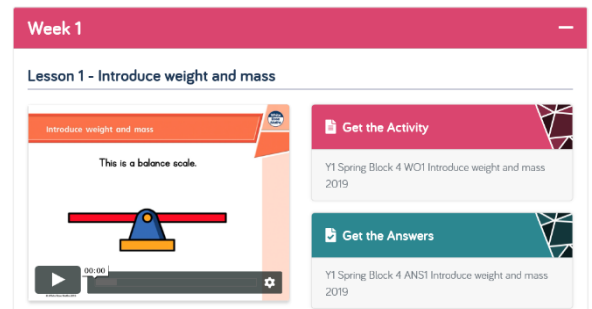

## Home Learning Resources

### Recommendations for Online Maths Resources

White Rose Maths have created daily Maths lessons for each year group. They start with a video tutorial with a follow up activity. Each day recaps the previous days learning. (Parents will be pleased to know that it includes a link to the answers too!) So far there a two weeks' worth of lessons and activities for you to access.

<https://whiterosemaths.com/homelearning/>

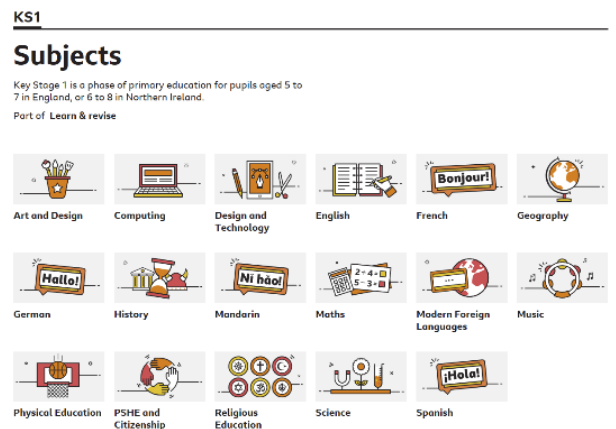

Carol Vorderman's popular site 'The Maths Factor' is now free whilst children are not at school. There are daily challenges and games to play.

<https://www.themathsfactor.com>

As mentioned previously, BBC Bitesize this is a brilliant website and I would highly recommend it. It gives you access to learning through short video clips which is often followed (when you scroll down) with a game to check the children's understanding. Check out 'Maths', 'Fractions' and 'How to count in Tens and Ones' to get started. So many things to learn and find out about in all subjects.

<https://www.bbc.co.uk/bitesize/primary>

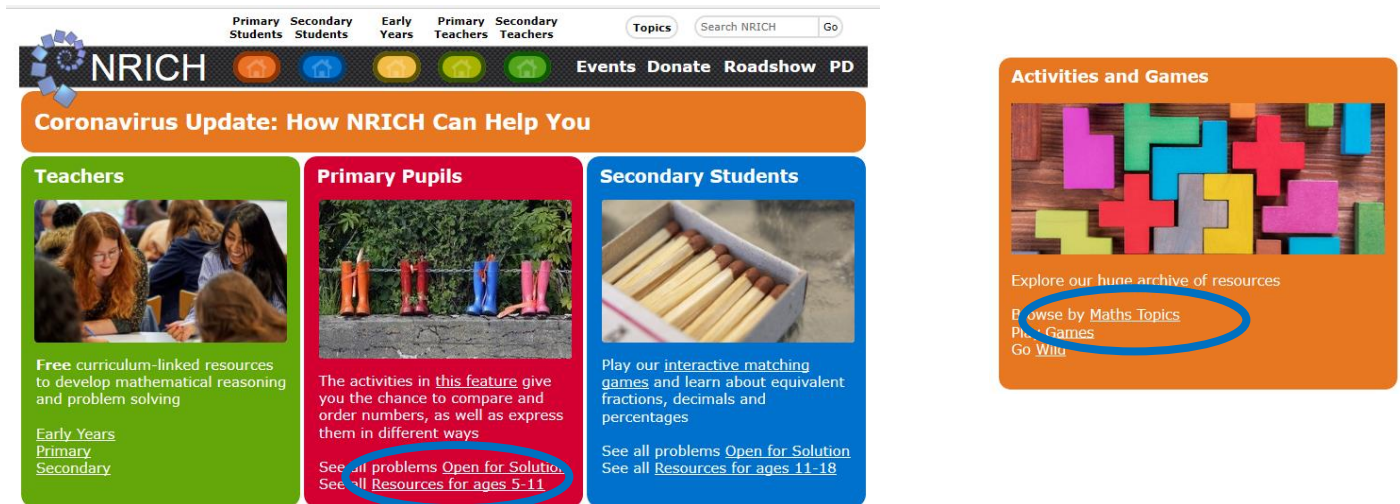

Select 'Maths - Key Stage 1'

'Maths Playground' is brilliant American site with lots of games.

[https://www.mathplayground.com/grade\\_1\\_games.html](https://www.mathplayground.com/grade_1_games.html)

The 'NRICH' website is an excellent resource that comes highly recommended however it is very difficult to navigate around. I would suggest that you select 'Resources for ages 3-11' in the red 'Primary Pupils' box. This will take you to 'Activities and Games' where you can browse by 'Maths Topic'. Just be careful and look at the suggested age range for each activity and difficulty with the 1, 2 or 3 star rating.

Another site that links to numerous games and activities is Topmarks .

<https://www.topmarks.co.uk>

I would recommend the following Maths games: -

- Place Value Basketball
- Hit the button
- Toy shop money game
- Coconut Ordering
- Helicopter Numbers
- Daily 10
- Measuring in CM
- Blast Off
- Place Value Charts
- Symmetry Sorting

'Fun for the Brain' has more maths games.

<https://www.fun4thebrain.com/>

'ICT Games' - Too many good games to mention! There are also some very useful teaching tools for you to demonstrate things to your children (tens frames/place value cards/100 squares etc)

<http://www.ictgames.com/>

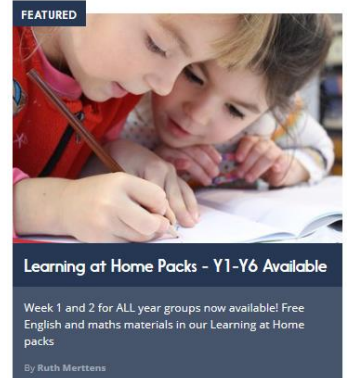

<https://www.coolmath4kids.com/>

More games!

'Hamilton' has created a set of Home Learning Packs for each year groups. Scroll down on the home page and click the on the blue Learning at Home Packs'.

<https://www.hamilton-trust.org.uk/>

They have brilliant packs for Maths and English. Currently they have three weeks' worth but they are continuing to add to this.

And finally...

Another great resource with printable worksheets covering all areas of maths is 'Snappy Maths'. Select one of the key areas and it will take you to a range of activities.

<http://snappymaths.com/>

			
Counting & Understanding Number	Addition / Subtraction	Multiplication / Division	Shape & Space
			
Measure	Statistics	Curriculum	Other Stuff

Addition / Subtraction Worksheets and Resources  
Free addition and subtraction worksheets, intensive activities, games and other resources for 5 to 11 year olds.

Early Addition / Subtraction Skills	One More / One Less (within 10)	One More / One Less (within 20)	One More / One Less (within 100)	Number Bonds (less than 10)
Number Bonds for 10	Number Bonds (11 to 20)	Make 100 (number bonds for 100)	Make 1000 (number bonds for 1000)	Make 1: Number bonds for 1

*Please don't feel you need to print all of his work. I don't have a printer at home so we copy elements or ideas into a book or even have my children write the answers down whilst looking at the screen. Keep it simple and cost effective.*

*I hope you find this useful.*

*I will focus on Science Resources next and get information to you soon.*

*Until then, stay positive and stay healthy!*
